Respected Sir,

This is an email for appreciation for the hard work done by few cops of Chandigarh Police at the Sukhna Lake police post between 8th March 2015 and 25th March 2015. As for your kind information my brand new high end bicycle was stolen from Sukhna lake from just near the beat box on 8th March in a matter of 10 minutes only. Thereafter I complained to the concerned duty officers at the police post, who promised to help me find out the bicycle and nab the thief. They requested our cooperation for this and we in combination with police laid a trap for thief to steal the cycle again and hoped to catch him red handed.

After almost 2 weeks the hard work of police paid off and the thief was caught red handed stealing the bicycles. He was chased almost 5kms by police who eventually caught him and recovered many cycles from him.

It was a great work of sincerity by **Volunteer Ramesh Kumar No 565** who worked overtime after his night duty ended at 6am. Along with him **Const. Rajpal No 3576/CP** and **Const. Anuj Kumar No 4094/CP** were also involved in catching the thief and finding out stolen goods.

The credit must also go to **SI Mr Lakha Singh (Investigating Officer)** under whose supervision the team worked. We developed a mutual trust with him to work together for good. All these men are assets to Chandigarh Police and specially **Volunteer Ramesh Kumar No 565** who worked overtime and selflessly.

They truly deserve appreciation and respect of department as well as public. I hope they will be suitably rewarded.

Thanks
