resp sir

i am abhishek sharma from amritsar. I booked my complaint for tracing my misplaced iphone5. Your team put that IMEI number on tracing and i found my iphone. And today my iphone is in my hand. I salute to your services. And my special salute to Mr Rajpal Singh (17sec police station) who personally handled this case and give me full assistance to search my iphone. I found my Iphone only with the help of this gentelman. So i want you to drawback my IMEI number from tracing. so that i would feel free to use my iphone5

regards
abhishek sharma
